What would you like to see/find under
"METU Research Highlights"?

Please contact us: www.research-highlights.metu.edu.tr

October 2009

"METU Research Highlights" is designed with the aim of publicizing the research events and highlighting the research funding opportunities for researchers.

In order to provide up-to-date information about the research opportunities, METU Research Highlights comprises the announcements of both national and international *Calls for Proposals*. Calls under 7th Framework Programme, TÜBİTAK and Other are to be updated monthly to inform the researchers about the recently published Open Calls and their deadlines. Under the heading of *Events*, research events organised both by METU and other related organisations will also be published. *Did you know...* section targets to convey information about on-going research-related activities in METU and opportunities for researchers.

To bring news from a wider selection of sources and improve METU Research Highlights, *Send Feedback* page will serve as a medium for your comments on the quality and quantity of the information provided.

FAQ part provides the required information about national and international projects' application forms and facts and figures on METU projects.

CALLS

In this page, you can find open calls for proposals under three headings: **TÜBİTAK**, **EU Framework Programme 7 (FP7)** and **Other**.

Under the **TÜBİTAK Calls**, you can find the funding opportunities of TÜBİTAK for Academic Research and Development Activities (ARDEB).

Under **FP7**, there are four funding schemes. These are the specific programmes called: **People**, **Ideas**, **Capacities** and **Cooperation**.

- **People Specific Programme** supports for mobility and career development of researchers.
- **Ideas Specific Programme** promotes the frontier research without restriction in terms of thematic areas.
- **Capacities Specific Programme** is especially developed for convergence regions to enhance the research and innovation capacities.
- **Cooperation Specific Programme** is the main tool for integrating the European Research Area by promoting collaboration between research centres, universities and industry from different countries in key technology areas.

EURATOM and **Joint Research Centres** are other tools for research funding opportunities provided directly by the European Commission under FP7.

- **EURATOM** is a funding opportunity of Atomic Energy Community to contribute to the further consolidation of the European Research Area in the nuclear energy sector by promoting civil nuclear research and training activities.
- **Joint Research Centres** is a reference centre for science and technology issues by providing required infrastructure for researchers in non-nuclear research activities.

Under **Other** calls, you can find open calls for proposals of several national and international funding opportunities.

FREQUENTLY ASKED QUESTIONS

20. Who is the LEAR (Legal Entity Appointed Representative) in METU?

Assoc. Prof. Dr. İrem Dikmen Toker-Assistant to the President is the contact point of the organisation with respect to legal information on the organisation.

21. What is the PIC (Participant Identification Code)?

All organisations participating in FP7 has been assigned a PIC to be used in all proposals submissions and negotiations. METU's PIC number is 999 643 492.

22. What is the VAT (Value Added Tax) number?

The VAT number of METU is TR6320050974.

FREQUENTLY ASKED QUESTIONS

15. Can I get support about the financial issues regarding FP7 projects?

You can get information about the financial issues from the EU and TÜBİTAK Projects Office (Phone: 210 38 60) both prior to and following project proposal submission. Support is also given during the lifetime of the project concerning the accounting issue. Before submitting your proposal, please make sure that you read the documents in detail providing information about financial issues in detail.

This document is available at <http://www.sgdb.metu.edu.tr/muhasebe.php>

16. Can I get support about the personnel employment and related costs and payments in EU and TÜBİTAK projects?

Since this is an important issue in EU and TÜBİTAK projects, researchers are expected to get in touch with the related office beforehand. For personnel related issues, TUBİTAK and EU Projects Office, Project Personnel Management Unit (210 35 95) can be contacted.

17. What is the ratio of overhead in FP 7 projects?

METU as a public body within the framework of research projects benefits from the transitional flat rate of 60 % of the total project budget until the beginning of 2010 under FP7. In Ideas and People Programmes, the project budget covers all direct and indirect costs. However, in Coordination and Support Actions, the overhead is limited to 7% (standard flat rate) of the project budget.

18. What percentage of the requested budget does EU funding cover?

In research and technology projects, 75% of the project budget is funded by EU. In Coordination and Support Actions, as well as the projects under Ideas and People Programmes, all direct and indirect costs are funded by the Commission.

19. Who is the Authorised Representative in METU?

Prof. Dr. M. Tuncay Birand- Vice President
Project forms need to be signed by the authorised representative.

FREQUENTLY ASKED QUESTIONS

PROJECT APPLICATION AND IMPLEMENTATION IN METU

10. How many international research projects are going on/ completed in METU?

Researchers can find the updated list of completed and ongoing international research projects from the [Office of EU Affairs](#) webpage.

11. How many projects are funded by TÜBİTAK in METU?

The list of TÜBİTAK-funded projects is available at <http://www.odtu.edu.tr/research/tubitak.php>

12. Can I get support to fill in Part A during the project proposal submission process?

Part A is about the Administrative Information. In this part, general information about METU is to be filled in. This information can be provided by the Office of EU Affairs.

Please contact the Office: www.euoffice.metu.edu.tr

13. What does Office of EU Affairs do?

Office of EU Affairs can provide the researchers with the information about all administrative issues during the project proposal writing and submission processes.

14. What kinds of info or forms are provided by the Office of EU Affairs?

Office of EU Affairs can supply info to the project proposal writers about the; PIC number, VAT number, LEAR and the Signing Authority.

The Office can also provide the following forms:

- Sample Grant Agreement Preparation Forms (A2.1-A2.5 Forms)
- Public Entities Form (required also for other international/national projects)
- Financial Identification Form
- Law on the Establishment of METU
- Commitment of the Host Institution
- Support Letter
- Sworn Statements
- Financial and Personnel Information

FREQUENTLY ASKED QUESTIONS

FP7 PROJECT PERSONNEL

6. How are the invited foreign researchers employed in Marie Curie Actions?

The institution that invites foreign researchers acquires Employment Permit and Certificate for the researcher from the Ministry of Labour and Social Security. The researcher is employed as having the social security insurance (SSK).

7. What kind of agreement is concluded in Marie Curie Actions between METU and those researchers having PhDs, but not employed at METU?

The aim in personnel employment under Marie Curie Actions is to employ the researcher by incorporating him/her into the social security system (SSK). Therefore, a service contract is concluded between METU as the host institution and the researcher.

8. Can researchers who continue with their education receive scholarships within the framework of Marie Curie Actions?

Scholarship payments to these researchers can only be made with the approval of the coordinator. However, the researcher is responsible for his/her own individual health insurance.

9. How is the stipend of the personnel calculated?

When the stipend of the project personnel is calculated,

- If they are not employed by a public organisation, it is calculated after deducting the social security contribution, income tax and stamp tax from their gross payment.
- If they are employed by a public organisation or as academic personnel in a public university, the stipend calculation is made after deducting the income and stamp taxes only.

TÜBİTAK PROJE PERSONELİ

1. TÜBİTAK projelerinde kimler *araştırmacı* olabilir?

Proje yürütücüsü tarafından önerilen ve TÜBİTAK tarafından onaylanan kişiler, TÜBİTAK projelerinde *araştırmacı* olarak yer alabilirler. Bu kişilerin;
- Kurum içinden veya dışından olmaları TÜBİTAK projelerinde yer almaları konusunda bir engel teşkil etmemektedir.
- 2547 Sayılı kanuna tabi olmaları veya hiçbir yerde çalışmıyor olmaları gerekmektedir.

2. TÜBİTAK projelerinde kimler *bursiyer* olarak çalışabilir?

TÜBİTAK projelerinde, yüksek lisans ve doktora öğrencileriyle, doktora sonrası araştırmacılar bursiyer olarak görev alabilmektedirler. Bu şartları sağlayan öğrenci ve araştırmacıların;
- Herhangi bir yerde çalışıp çalışmamları, bursiyer olmaları konusunda engel teşkil etmemektedir.
- Eğitimlerine/araştırmalarına projenin yürütüldüğü üniversitede devam etmeleri şartı yoktur.

3. TÜBİTAK projelerinde *yabancı uyruklu öğretim üyeleri* çalışabilir mi?

Yabancı uyruklu öğretim üyeleri, TÜBİTAK ve AB projelerinde ücret alarak çalışamazlar.

4. TÜBİTAK projelerinde *yabancı uyruklu öğrenciler* çalışabilir mi

TÜBİTAK projelerinde yabancı uyruklu öğrenciler ücret alarak çalışamaz. Ancak, yüksek lisans, doktora ve doktora sonrası eğitime devam edenlere burs ödemesi yapılabilir.

5. TÜBİTAK 1007- Kamu Projeleri'nde personel çalıştırılabilir mi?

TÜBİTAK 1007 Kamu Projelerinde, kurum içinden veya dışından personel çalıştırılabilir.
- Kurum içinden veya başka bir kurum adına çalışan personel, 2547 sayılı Yüksek Öğretim Kanunu'na tabi araştırmacı olarak çalıştırılabilir.
- Hiçbir yerde çalışmayan destek personeli ya da araştırmacı sosyal güvenliği sağlanarak SSK'lı olarak çalışabilir.

[If you would like to contribute to the project supported by British Council "Climate Advocates" you may participate to the workshops to be held in METU on 21-22-23 November...](#)

Challenge Europe, which is a regional project of British Council, is a campaign of three years that aims to create long-term impact on discussions about climate change and to fasten the switch to low carbon in the future. British Council took part of the project since 2009, 2nd year of the program.

For the program to which 17 countries participate, each country picked Climate Advocates among the youth between 18 and 25. The group consisting of 15 Climate Advocates, in the light of methods aiming to diminish the use of carbon use, will decide three project themes and will work with specialists for one year. The Advocates will attempt find ways to realize the projects by presenting these projects to specialists, decision-makers, entrepreneurs and commercial organizations.

Within the scope of this project British Council will organize workshops in collaboration with METU. The workshops will be held on 21-22-23 November 2009 in METU KKM-C.

All METU researchers interested in the issues of environment and climate change, awareness and sensitivity creating are kindly invited to the workshops.

Some of the themes of the workshops are:

1. Scientific methods applied in science education; determining the methods and consensus in application
2. Environment/ecology courses studied in kindergartens, primary schools and high schools—application procedures
3. Evaluation of advantages and disadvantages of an ecology course and a potential climate change course—Different courses or one under the umbrella of the other
4. Ecophysiology and its place in education—correlation between ecophysiology and climate change

EVENTS

E-CHALLENGES CONFERENCE

Date: 21-23 October 2009

Place: Marmara Hotel, İstanbul

The e-Challenges 2009 Conference is the nineteenth in a series of Annual Conferences supported by the European Commission, which regularly attracts over 650 delegates from leading commercial, government and research organisations around the world to share knowledge and experience, lessons learnt and good practice in the areas of ICT for Networked Enterprise & RFID, eGovernment & eDemocracy, eHealth, Collaborative Working Environments, Living Labs, eInfrastructures; Technology Enhanced Learning and ICT Skills, Knowledge and Content Technologies, Security and Identity Management, High Performance Computing - Applications and Mobility.

The goal of e-2009 is to stimulate rapid take-up of Research and Technology Development (RTD) results by industry and in particular SMEs, and help open up the European Research Area (ERA) to the rest of the world.

e-Challenges provides a prestigious, international forum to share success stories and lessons learnt from applied Information and Communications Technology (ICT) related research at European level (FP6 & FP7) as well as Regional, National and Commercial initiatives. International cooperation and discussion of commercialisation, exploitation & interoperability issues are key aspects of the programme.

The programme will combine strategic keynote presentations, technical, legal and policy papers, business and government case studies, workshops and tutorials. e-2009 will also feature an Exhibition and an attractive Social Programme for partners, presenters, delegates and exhibitors, to enhance networking opportunities both during and after the Conference.
